Zinnia	Annual 	Many Colors & Forms	Readily available as seeds and transplants	

Using dried flowers was inspired by Tarsilla from [Way to Grow Gardens](#) in Ardness. These were her suggestions and it is quite possible that she will have transplants of some available at their annual transplant sale in May.

Screen shot of Tarsilla's Arrangement by color

The Folks at [“Big Barn, Little Farm”](#) also grow quite a selection of Flowers for drying. Check the Farmer’s Market for both transplants in the spring and flowers and arrangements in the fall.
